Composition: 65% alpaca (WP), 28% Wool (WO), 7% ployamide (PA)

Abrasion: 50.000**** Martindale - ISO 12947-2

Cleaning instruction:

Fabric direction:

The Alpaca fabric is made from bouclé yarns, characterized by looped and textured fibers. Due to its structure, the fabric may be more prone to snagging, pilling, and pulling when exposed to objects and friction from regular use. Surface and texture variations are inherent to bouclé fabrics and should be considered a natural feature, not a defect.

classification for upholstery to be used in privat home:
* poor ** caution *** acceptable **** good ***** very good
